# About us

At the house of **Dot 2 Design Interior Studio**, We are a collective of inquisitive and imaginative minds, with a passion to craft beautiful environments that offer exceptional experiences.

We provide interior design services for hospitality, dining, wellness, commercial, and residential spaces, with a portfolio of over 200 projects across 04 countries.

Our services cover concept development, schematic design, 3D visuals, FF&E selection, art curation, design development, and site supervision for renovations, conversions and new builds.

We bring along a choicest set of fitout contractors, artists, accessories suppliers that have collaborated with us over the years.

We take pride in transforming spaces from Basic to Beautiful!!

# About our founder

Hi, Sneha Mhatre Sancheti here, I am the founder & principal designer at Dot 2 Design Interiors.

An Indian from the city that never sleeps, Aka: Mumbai. I moved to the UAE in 2006 and it was love at first site.

Through years of travel and interaction with the mixed nationalities, our design studio has developed its unique design styles for every type of project.

I love love love the whole process of designing right from planning to selecting right materials, technicalities and handing over of a beautiful site to a satisfied client.

My love language is chai!!!  
so come over to discuss your project over a cup of tea and lets design a new chapter.

FRATO

Pioneering **Sustainable Innovation** for a Better Tomorrow.

## The concept

NoA Lab is a Net Zero Transition Accelerator & Co-working Hub at DWTC.

## Our Focus

- Co-working Spaces
- Acceleration Programs
- Events & Partnerships
- Fundraising Support

## Mission

NOA Sustainability Lab UAE is designed as a platform to operationalize the UAE's Net Zero 2050 vision by bridging innovation, finance, and deployment across the entire climate-tech value chain.

The Lab's mission goes beyond startup incubation — it's about commercializing sustainability, localizing global cleantech solutions, and creating new economic opportunities through innovation and collaboration.

## Vision

"To make Dubai the global epicenter of sustainability|innovation — where ideas for a net zero future are welcomed, built, tested, and scaled for the world."

NOA Sustainability Lab envisions a UAE that leads the global green transition by fostering a vibrant ecosystem of entrepreneurs, innovators, investors, academia and corporates working together to build scalable climate solutions in renewable energy, green mobility, Green building, sustainable infrastructure, and AI for energy transition.
